**at Dr. Michael and Cathy Rouse's Farm  
1471 Cary Pond Road, Danville, VT 05828**

# Shining Light on Palliative Care

Community members with chronic diseases, especially those who are aging, or those on fixed/low incomes, often face barriers in accessing essential medical and support services. Funds raised will expand the Palliative Care Program's capacity to support treatments not covered by insurance, meet critical quality-of-life needs, enhance community education initiatives, and launch both respite care and end-of-life wish grant programs.
